Welcome to All Creatures Veterinary Surgery

At **All Creatures Veterinary Surgery**, we've designed our **Pet Health Club** so that you as a pet owner can ensure your pets receive the very best quality preventative treatments, through a simple monthly direct debit. The concept of spreading the annual cost of household bills is a regular and well recognised feature of our daily lives – why should the essential preventative treatments for your pet be any different?

Extra benefits of the plan include discounts on many other products and services at the practice. **Talk to one of our team for more information and sign up by completing a simple form.**

Prevention is better than cure!

Our practice membership scheme has been set up to enable you to spread the cost of routine preventative health care. This allows us to provide you with the support you need to keep your pet fit and healthy year after year. It allows us to administer the appropriate vaccines, wormers and flea treatments at the correct time with minimal financial impact to you, the owner.

In addition, a thorough clinical examination allows us to carefully assess the general health of your pet and offer advice, support and treatment planning, which in many cases can prevent problems arising in the future.

Our plans include:

- ✓ Regular health checks for good general health
- ✓ Convenient monthly payments
- ✓ Professional support and advice
- ✓ Weight and dental care
- ✓ Exclusive discounts on selected products & services
